

THE GAMBLERS KICK.

Representatives of the Brokers Fight the Butterworth Bill.

FINANCIAL TROUBLE PREDICTED

If the Operations in Futures Are Stopped by Congress.

THE SENATE AND THE WORLD'S FAIR

WASHINGTON, April 11.—An interesting hearing was held to-day by the House Committee on Agriculture on Mr. Butterworth's bill to prevent dealings in options and futures.

Murray Nelson, one of the Commissioners of Cook county, Ill., was the first speaker representing the Chicago Board of Trade.

These small dealers act largely as agents for the farmer and buyer both. To stop sales for future delivery, Mr. Nelson said, would be to interfere with the local market.

A DISASTER PREDICTED. These small dealers act largely as agents for the farmer and buyer both. To stop sales for future delivery, Mr. Nelson said, would be to interfere with the local market.

A PERTINENT QUESTION. Referring to the taxing section, Mr. Nelson asked why, if the committee believed the business to be honest, a license was required?

George C. Martin, of the New York Produce Exchange, spoke against the bill. He said that the farmer never before received so great a percent of his crop as now.

CROPS TOO LARGE. In his opinion it was because of the recent series of large crops from which had been accumulated in store 200,000,000 bushels of corn more than ever before in the history of the country.

BRINGING RAILROADS TO TIME. Iowa Legislature Passes a Number of Very Important Bills.

NOT SO VIOLENT. The effect of the trading for future delivery has been to give the market a less violent character, have reduced the risks of merchants and bankers, and at the same time have secured to the planter of cotton a higher range of values than was the case before the existence of the method of trading for future delivery.

IN REMEMBRANCE OF LINCOLN. Celebrating the Twenty-Fifth Anniversary of the Martyred President's Death.

CINCINNATI, April 11.—Ex-Treasurer Martin A. Jamison, of Warren county, O., who has been on trial at Lebanon for several days for an indictment which charged him with embezzling a large amount of the county funds, was to-day acquitted.

Indigestion

It is not only a distressing complaint, of itself, but by causing the blood to become depraved and the system enfeebled, is the parent of innumerable maladies.

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years, suffering with the system, I was reduced almost to a skeleton, and hardly had strength to drag myself about.

PLANS FOR THE FAIR.

The Senate Proposes to Have Any Number of Celebrations—The Chicago Bill as Amended in the Committee.

WASHINGTON, April 11.—Just before the Senate adjourned this afternoon Senator Hawley reported the World's Fair bill, with amendments agreed upon by the committee.

The amendment inserts after the word "and" the words "which shall secure the payment." The following was proposed as a new section:

Section 8.—The President is hereby empowered to direct to hold a review in New York harbor in April, 1893, and to extend to foreign nations an invitation to send ships of war to join the United States navy in the rendezvous at Hampton Roads, and proceed thence to said review.

THE DEFENDANT WAS DROWNED. His Forfeited Bail Will Now Be Returned to His Bondsmen.

NEW YORK, April 11.—Oliver Fearing, master of a steam vessel plying between New York and San Domingo, was arrested in August, 1888, for smuggling cigars.

ENCOURAGING COMMERCE. Philadelphia Ask Congress to Grant Subsidies to American Merchants.

PHILADELPHIA, April 11.—A rather slimly attended meeting was held to-day in the Board of Trade rooms in response to a call requesting the attendance of business men at a meeting in the interest of the passage of the bill now before Congress to encourage commerce by the granting of a subsidy of 30 cents per ton for every thousand miles of travel by American vessels, sail or steam, between American and foreign ports.

\$20.00.

We sold several hundred of our last season's \$20 Chamber Suite, which was then conceded to be the best for the money ever sold in Pittsburgh.

This engraving is a facsimile of our new \$20 Chamber Suite, in antique oak finish, which we now introduce to surpass the other in value.

ITS STRONG POINTS.

We have made the toilet larger and heavier every way (77 inches high by 42 wide); made the washstand larger and added to it a splasher back; made the bedstead (54 inches wide) more massive throughout, and the foot-board with a heavier cap and posts. Note the large beveled mirror in landscape shape—the hand-rubbed and polished finish—the generous size and weight of all the pieces, and their handsome proportions.

Neither the maker nor ourselves can make much out of it. But then it is one of the triumphs of successful trade.

We distribute a large quantity of goods at the closest possible margin of profit. We buy the largest possible value in a big deal for cash, and then turn it over quickly to our customers, bringing the maker and consumer closer together.

Low prices, elegant designs and reliable workmanship characterize our large and general assortment of furniture for
